

Summer Newsletter

Welcome!

Welcome to our Summer Newsletter. The start of the Summer term welcomed two new children into Nursery Reception. Jemima Harvey and Amy Scott have joined our Nursery and we hope they will be very happy in Wellington School Nursery.

Themes

Our Summer term is now well underway and we are working on our Seaside theme. The children have already visited the beach to gather shells and seaweed! More visits are planned. As we consult with the children about what they already know and what they want to learn about the seaside the theme will take us under and over the sea!

Toddle Waddle

The Toddle Waddle in aid of the Meningitis Trust was very successful and so far we have raised over £800 – a wonderful sum! We would like to thank everyone for their very generous support to this worthwhile cause. The children really enjoyed participating and were very happy that so many Parents, Grandparents and friends were able to join us.

If anyone still has sponsorship money to hand in could you please do so as soon as possible.

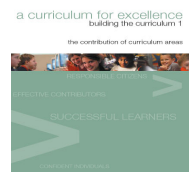

Parents' Meetings

We have Parents' Meetings scheduled for this term. These meetings will be held in the Nursery and you are asked to make an appointment to meet with your child's key worker.

Parents' Focus Group

Our Parents Focus Group is very well established. This is a group of volunteer Parents who are willing to meet with me on a regular basis to discuss a wide variety of issues regarding Nursery life. This is a very important partnership and if you would like the group to raise anything at the meetings please speak to one of the group members. If anyone is interested in joining the group please speak to me.

Curriculum for Excellence

On 2nd of April 2009 the Scottish government released the final outcomes and experiences which form the new Curriculum for Excellence 3-18. The children in Nursery will work on the early level which we are about to initiate. We have already held a number of presentations for parents and intend to offer several curriculum workshops in session 2009-2010 to ensure you are fully informed about this important development in Scottish education.
