# Summer Newsletter 2

## Welcome!

Welcome to our final Newsletter of this school session. We have reached the last two weeks of the term but there are some important news items that I must pass onto you.

## Our work is recognised!

As you know we have been working very hard this school session on Health and Wellbeing and have achieved our commitment award through the national "Health Promoting Nursery" scheme. Following the very successful Health and Wellbeing Fair held in February we have been invited by Learning and Teaching Scotland, to share our work with other establishments via their website. This is a huge honour and everyone in the Nursery is thrilled. I now need your permission to use some photographs of the children in our submission and have attached an LTS permission form for you to complete. Could you please complete the form and return it to me at the Nursery as soon as possible.

## Toddle Waddle

The Toddle Waddle in aid of the Meningitis Trust was very successful and the final sum raised was £1,075.50. A huge thank you to everyone for this magnificent effort!

## Library Books

We are in the process of gathering in all library books, Storysacks and Maths Bags. If you have any of these items at home could you please return them to the Nursery as soon as possible?

## Parents' Focus Group and Eco Group

Our Focus Group and Eco Group have worked extremely hard throughout the session to improve the experiences offered to the children. I would like to thank them for their contribution to Nursery life and hope as many Parents as possible will be able to join us for "An Evening in the Garden" on Tuesday 23<sup>rd</sup> June.

## Essential Works

During the summer months some extensive and essential work is to be undertaken in the Nursery to improve the insulation and heating system. This work is scheduled to begin immediately the holiday begins therefore it will be necessary for Nursery staff to start the task of removing all wall coverings and resources during the last week of the term. We ask for your understanding during this period of disruption.
